

Destination Imagination Region 4 Tournament March 2, 2019

Circleville Middle and High School

380 Clark Drive
Circleville, OH 43113

Dear Teams, Friends and Family of DI Students,

Welcome to the 2018 Destination Imagination Regional Tournament! Today we showcase and celebrate the solutions that our young, creative problem solvers have developed. This BIG DAY is the culmination of months of hard work by these young people and their team managers. We are very excited to provide an opportunity for these teams to share with you, their peers and our appraisers; we ask that you join us in exhibiting good sportsmanship throughout the day as competitors and audience members.

We are very grateful to the staff and faculty of Circleville Middle and High School for hosting the tournament site. We would also like to thank the many individuals who have been so generous with their time and efforts: Volunteer Team Managers and Appraisers, Tournament Officials and Challenge Masters, The Region 4 Governing Board, Volunteer helpers and program publishers. No matter what path your journey has taken, we congratulate you upon reaching YOUR Destination Imagination!

Mark Bauer and Steve Schorger, Region 4 Tournament Directors

Philosophy of Ohio Kids for Creativity, Inc.

We view the Destination ImagiNation[®] program as a journey which encompasses:

- ◆ creative thinking
- ◆ cooperation
- ◆ decision-making
- ◆ teamwork
- ◆ problem-solving
- ◆ long-term commitment to a project
- ◆ self-respect
- ◆ understanding of others
- ◆ appreciation of others
- ◆ communications

The emphasis should be on the journey and not on winning. The ultimate destination is the learning process that participants can experience. It is our goal that the application of skills learned through the D-I program will enrich our world now and in the future.

**The Awards Ceremony will occur in the High School Gym at 6 P.M.
Rising Star teams will receive their awards immediately after their Central
Challenge performance.**

A few days after the tournament, scores will be posted on our DI website,

Instant Challenge

Instant Challenges require teams to engage in quick, creative and critical thinking. At a tournament, a team will receive an Instant Challenge and the materials with which to solve it. The team members must think on their feet by applying appropriate skills to produce a solution in a period of just five to eight minutes.

In a world with growing cultural connections, increased levels and types of communication, and a new need for real-time teamwork and problem solving, the ability to solve problems quickly is becoming increasingly critical.

Instant Challenges are performance-based, task-based, or a combination of the two. Although each Instant Challenge has different requirements, all Instant Challenges reward teams for their teamwork and the creativity of their solutions. Instant Challenges are kept confidential until the day of the Tournament.
